2017 Hult Prize Winners

This year’s Hult Prize, which was focused on improving the lives of refugees, was awarded to Roshni Rides, a team of students and recent graduates from Supply Chain Management at Rutgers Business School. This “Nobel Prize for students” was given for their plan to bring affordable, accessible and reliable transportation to a Karachi slum that houses more than two million refugees.

Roshni Rides is a transportation solution that takes refugees to major points of interest such as schools, hospitals and marketplaces using ridesharing.
