MSOM Annual meeting

The Manufacturing and Service Operations Management (MSOM) Society of the Institute for Operations Research and the Management Sciences (INFORMS) is an organization whose purpose is to encourage discussion and interaction among individuals having interest in manufacturing and service operations management and their relationship to the profession of operations research and the management science.

Each year the MSOM society holds its annual meeting to an audience of 400 to 500 academics (professors, researchers and doctoral students) and practitioners in the field of operations management. The conference is a great opportunity for researchers to share their work and interact with industry professionals and for everyone to learn about state-of-the-art developments in the field of operations.

In 2018, the annual meeting is organized by the Naveen Jindal School of Management of the University of Texas at Dallas (UTD) with events taking place at the Hilton Anatole Hotel in Dallas as well as on the UTD campus in Richardson.
