Dear Fellow Comet,

As part of a national effort to reduce the incidents of sexual assault on university campuses, the U.S. federal government has mandated that the university provide primary prevention and awareness training to all students new to the university. To accomplish this task UT Dallas has partnered with EverFi to present a comprehensive sexual assault training course. Completion of this course will help you to understand the importance of healthy relationships, being a good communicator, and contributing to a safe, positive campus environment.

This required online course consists of two parts. Part one is available to you now and will provide you with information and education related to sexual assault prevention. The deadline for completing part one is Monday, August 18, 2014. Part one will take approximately 45 minutes to complete. Part two will become available to you a few weeks later and will consist of a survey that will take approximately ten minutes to complete. The deadline for completing part two will be Monday, October 27, 2014.

If you fail to complete the course by the required deadline, a registration hold will be placed on your UT Dallas student account. You will not be allowed to register for future semesters until you have completed the sexual assault prevention training.

Login instructions:

- You will be required to use your NetID to register for the course. You will also be asked to provide a UTD email address. Make sure you enter each letter and number correctly. If you have errors in either the NetID or UTD email address, we will not be able to verify your completion of the course, resulting in a registration hold being placed on your student account and the inability to register for future semesters.
- You will need Internet access and audio capabilities.
- To avoid technical issues, please use any major web browser released within the previous two years.
- You may take the course in multiple sittings.
- The course includes surveys to help personalize your experience and measure attitudes and behaviors. All survey responses are confidential; the school will only receive information about the student body as a whole and will never see individual students’ answers.
- Should you experience problems, technical support is available 24/7 and can be accessed from the “Help” link found within the course itself.

To register for the course:
1. Go to: http://www.everfi.com/register
2. Enter a Registration Code: 7a5e8ae0
3. Click ‘Get Started’ to enter the course
4. Remember to complete part one before August 18th!

Thank you, and enjoy the course!
