

## Parking instructions:

Please print out both the parking permit and this custom parking map which will allow for complimentary parking in gold or green spaces in **Lot PS1**, which is closest to the DGA Center, **circled here in blue**. If you can't find a gold or green space in PS1, then try Lots Q and E next, followed by C, D, and M West/M East. **(Note: parking map route is based on entering campus via the University Parkway entrance off West Campbell Road.)**

\*You will need to fold the parking permit in half and place it in your dashboard as you park your car.
